

City of Prescott Meter Installation Service

Fann Environmental provided meter installation services for the City of Prescott by replacing existing manual read water meters with electronically read meters for water customers throughout the city. Fann Environmental is contracted to install 13799 meters ranging from 5/8" to 2". Project requires coordination with city Utility Department, water customers and other contractors working in several of the areas.

Owner: City of Prescott

Final Construction Cost: \$273,363

Project Completion Date: 2011

Fann Environmental Key Personnel:

Robert Upton - Project Manager
