

Mohave County GVID & I-40 Water Plant *Operation & Maintenance*

Fann Environmental was awarded the operation contract for these two systems located in Mohave County. The project utilized the best value system to provide operational services. Fann Environmental was selected as the most qualified firm to meet operational criteria that Mohave County preferred. Fann Environmental has two full time employees stationed in the area to oversee these systems and provide daily routine maintenance.

Owner: Mohave County

Project Completion Date: Ongoing

Fann Environmental Key Personnel:

Mike Young - Project Manager
